Wu.....this belongs.....
Put it aside for now and go receive a person outside for me
Eh?

But, Prime Minister, you'll need this information in the meeting that's about to start.
Are you questioning my arrangements?

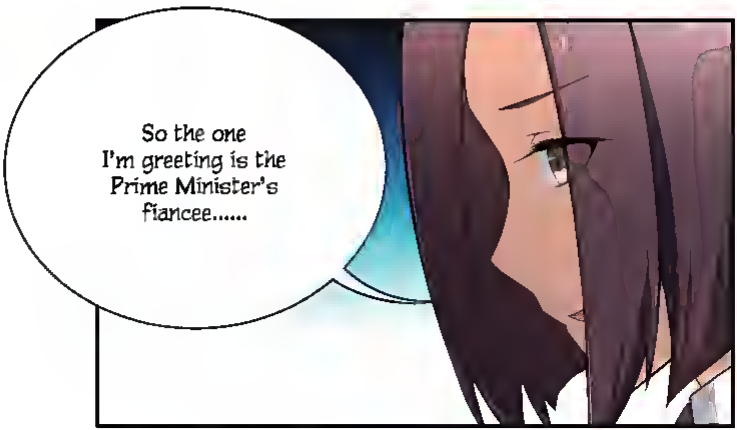
Did you hear
.....

It seems some rich girl who's been engaged with the Prime Minister since they were children is coming today!
Wu! Are you for real?!

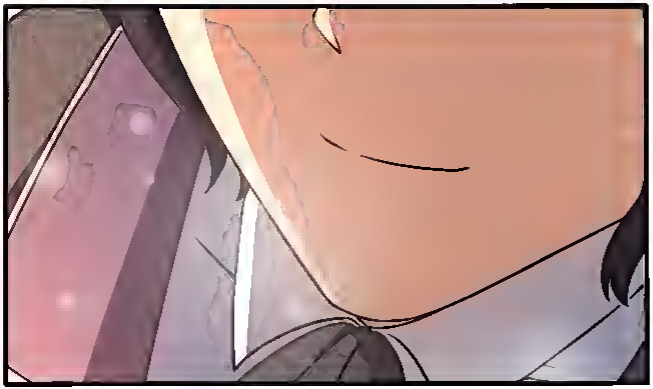


So the one I'm greeting is the Prime Minister's fiancee.....

Wuah..... I don't even know when she'll arrive.....

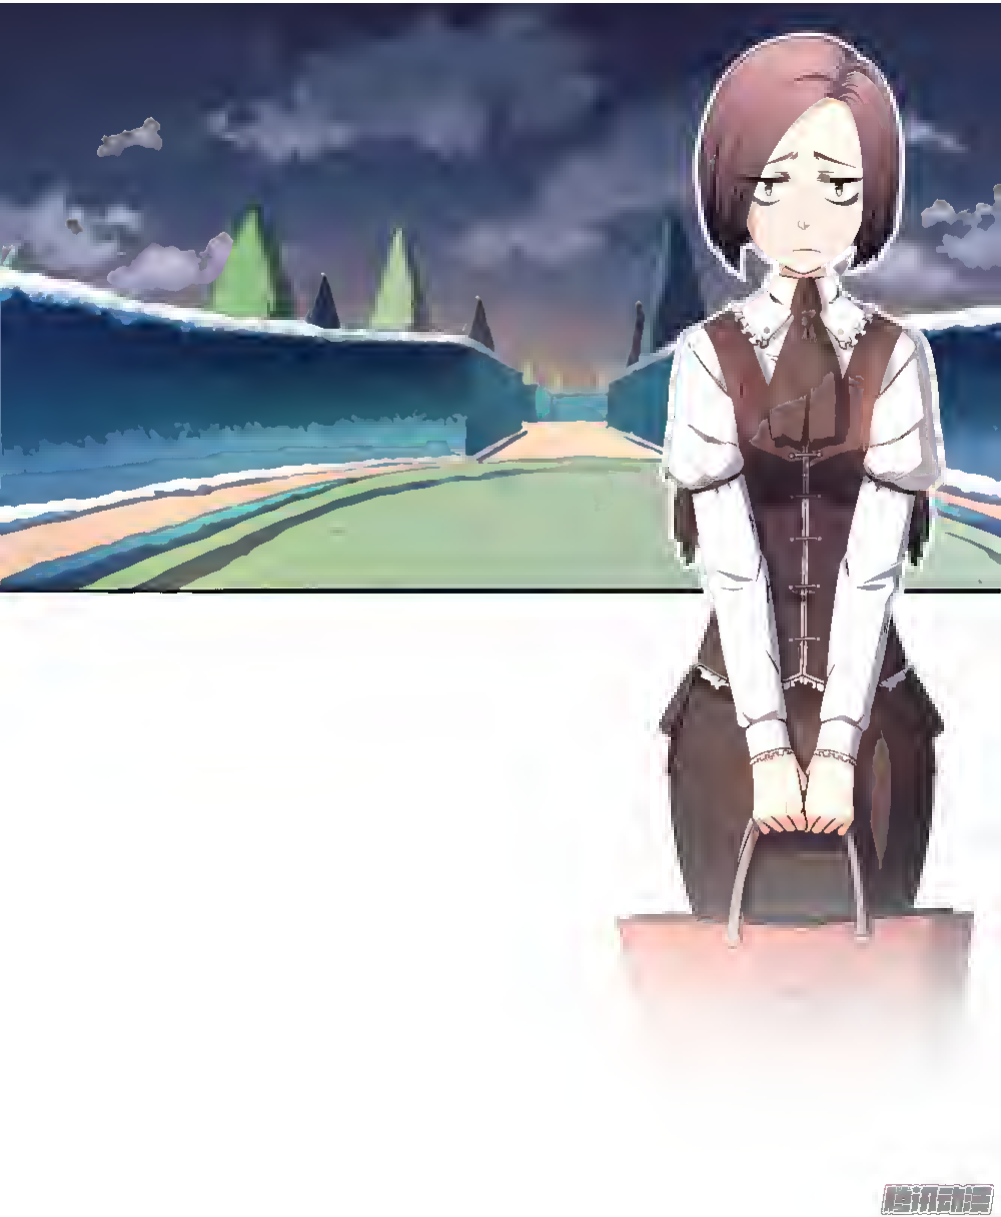
Going out like this on such a chilly day? What if you had caught a cold?
Pu
P..... Prime Minister!
Finish early today. I'll send you home.

Sorry for taking up your time with your fiancee.
The coat..... when can I return it?
Stare



As long as you know.
Next time,
check the weather
before going outside.

For the coat, meet me in
the park tomorrow night.



I couldn't sleep for the whole night. Seems like I care more about Prime Minister than I thought.
No, that won't do! He's the Prime Minister!
Shake head
With such a beautiful and elegant fiancee, no matter what I think, I can only let it become an eternal secret.

Prime Minister,
here is your coat.
Thank you for lending
it to me yesterday.

Is that all you have to say? Have you forgetten that today is Christmas Eve?
Didn't you read the slip of paper I placed in the coat pocket?
I..... I'm sorry.

I washed it without looking yesterday.
Rummage

Tomorrow
"Tomorrow"..... what,
the rest of it is blurred.

"Come to the park on Christmas Eve tomorrow. I have a present for you"
Sorry .....
Forget it, there's nothing to say when it comes to your character. It's enough that you're here.

Also, that wasn't my fiancee yesterday.
She's a pyrotechnician that I requested.
